Awareness Program on Opportunities in Abroad by Higher Studies is organized for the Department of Training & Placement cell on 22-12-2017. Sri. M.VenkataRamiah, created awareness and inspired students regarding the importance of overseas education. The outcome of the program was to create awareness and encourage students who aspire to continue higher education in abroad after their graduation. Certainly, an international study experience enlarges their knowledge of the world. However, in today's increasingly competitive global economy, an international education experience must provide more concrete benefit for a student who will need to embrace the changing world that awaits post graduation. IV Year Students of Mechanical Engineering ,CSE,ECE,EEE &IT benefitted a lot by listening to the lecture and interacted with the resource person about the ways to approach universities, GRE, TOEFL, IELTS scores, scholarships and career opportunities. The lecture helped to clarify the ambiguity of the students hoping to pursue higher education in abroad. Lot of academic benefits pertaining to personal growth, gaining of valuable life skills, strengthening the leadership skills, broadening the world view and advancement in career.

Report on Motivational Seminar on "Acquire Knowledge Save A Life"

HR development trainer at freelance Leadership coach, motivational speaker.
Date: 03-07-2017
Venue and Time: Seminar Hall, 11.00 AM to 12:30 PM
No.of Participants: 455

The seminar was organized on 03-07-2017 at 11:00 am in Seminar Hall by Mr.LakshmiapuramVenugopal.He said that Knowledge is a familiarity, awareness or understanding of someone or something, such as facts, information, descriptions, or skills, which is acquired through experience or education by perceiving, discovering, or learning. Knowledge can refer to a theoretical or practical understanding of a subject. Further knowledge is even what prevents us from making the same mistakes we made in the past. There can be no action without knowledge.Following are the Four most important advantages of acquiring knowledge.

1.Knowledge helps you to take new information: The first stage in which factual knowledge gives you a thought is when you are taking in new information, whether by listening or reading. There is much more understanding of oral or written language than knowing vocabulary and syntax.

2.Understanding yourself: Knowledge Provide confident that help you to understand yourself better way. In my opinion" self-analysis is the best analysis" that means a person can know himself better than anyone else and knowledge help you understand yourself better way. Knowledge helps to take the best decision in your life.

3.Knowledge make easy to solve the problem: In life, you will face problems every day, various occasion problems seems so critical that you can't possibly overcome from that. However With knowledge, you can enhance your abilities of thinking diversely, even the problems you face in class, and you may face in real life.

4.Knowledge improves thinking: Knowledge helps to develops thinking in two ways. a) It helps you solve problems by freeing up space in your working memory. b) It helps you circumvent thinking by acting as a ready supply of things you've already thought about and also keep in mind that in much the same way, knowledge also improves the reasoning and critical thinking that students must do in different classes such as history, literature, and other humanities classes.

Awareness Program on **Higher Education** is organized for the Department of Training & Placement on 17-07-2017. Sri. Beesetty G.V.S.Prakash, Training Head at Global Tree created awareness and inspired students regarding the importance of Higher Education. The seminar was purely based on goals of a student after Engineering.

They are broadly classified as

- HIGHER EDUCATION
- PUBLIC SECTOR JOBS
- PRIVATE SECTOR JOBS

To get into any of these, GATE is very much essential. GATE is required for doing Masters ie, ME/M.Tech, M.S, Ph.D. For doing any research-oriented programs, GATE score is required. Singapore provides the best universities to study M.S in abroad for ECE students. GATE exam is conducted for total 100 marks. It consists of two parts. For ECE students' part -I is purely based on topics of Electronics and Communication and part -II consists of Mathematics and Aptitudes. GATE is conducted by IIT's. It is preferable to take the exams in 4th year of Engineering. There is no limit in attempting GATE exam. GATE score is required for public sector jobs also. Cut-off is 50%. Based on high score, there will no technical round instead there will be direct HR round. In Private sector also they prefer GATE qualified candidates. Recently AICTE is about to make GATE exam mandatory.

There are many indirect advantages of GATE:

- It helps to clear exams conducted by other PSU companies and other central government companies.
- It helps for preliminary exam preparation of IES, etc.

Aiming for IIT's or public sector jobs are best. Product base companies are best than service-based companies. Overall the session was inspiring, and students will be benefitted from this seminar.
