Dear Dr.M.Nagendrababu,

I am extremely honored to agree to your invitation to speak at the seminar to be held at your institution. I am so happy that I was chosen for this occasion.

I shall be carrying some data on the laptop, so I will need some arrangements to connect this to the projector screen. I know that the audience will be of a type who has a lot of interest in the subject and will be happy to interact with them. Will it be possible to have an interaction session following the presentation?

Thank you for making the necessary arrangements beforehand. I wish to take once again up this chance to thank you. I very much look ahead to being present at the seminar and making my speech.

Yours sincerely,
Mr. Sasi Kiran Nammi,

Report on "An awareness program on Opportunities in US"

Resource Person: Mr. Sasi Kiran Nammi,
Marketing Incharge at GLOBAL REACH, Visakhapatnam
Date: 30-01-2019
Venue and Time: Seminar Hall, 2.30 PM to 4:30 PM
No.of Participants: 512

The department of Training & Placement organized an awareness program on "Opportunities in US by Global Reach". Mr. Sasi Kiran Nammi, Marketing Incharge at GLOBAL REACH, on 30-01-2019. He explained the process of writing the GRE, TOEFL & IELTS examinations. He said, 'Many people think that foreign education is expensive. But, it is not true. Some countries are providing for a lower cost'. He said, 'An international education is invaluable for a huge number of reasons. The independence that it offers to students that choose to attend a university away from their home country is often a very important factor? Learning how to live day to day, how to study within a different culture and how to thrive elsewhere from home is something that gives international students a level of confidence that can only be beneficial in the longer term. Another benefit of studying overseas is the new perspective that students are given on their subject, allowing them to look at an academic area from a previously unseen angle. The resulting knowledge is likely to work to give them a much wider understanding of, and appreciation for, their particular area of interest than they would have received had they chosen to study at a university closer to home'. He detailed the steps to be taken during VISA processing. 'Do not lie before the consulate' 'Inform them that we are moving abroad to enhance our knowledge in the area of our interest and we will not stay in their country' He asked to solve the previous GRE questions and clarified the doubts of the students. He detailed the facilities available in TIME institute and announced that 'your institute requested us to provide fee concession to you. I am happy for such an initiative. Definitely we will give fee waiver for VIEW students who attend our coaching in future.

Dear Dr.M.Nagendrababu,

I am extremely honored to agree to your invitation to speak at the seminar to be held at VIGNAN'S INSTITUTE OF ENGINEERING FOR WOMEN. I am so happy that I was chosen for this occasion.

You have given me my choice to speak and I opt to speak about "Create Awareness on Overseas Education System". I have been doing a lot of research lately in this regard and would like to present my findings at the seminar.

I shall be carrying some data on the laptop, so I will need some arrangements to connect this to the projector screen. I know that the audience will be of a type who has a lot of interest in the subject and will be happy to interact with them.

Thank you for making the necessary arrangements beforehand. I have already received the tickets and the details about hotel reservations. I wish to take once again up this chance to thank you. I very much look ahead to being present at the seminar and making my speech.

Truly,
Mr.M.Babuji

Report on "An awareness program on overseas education system"

Resource Person: Mr. M.Babuji.

Marketing incharge SKYLARK overseas education, Visakhapatnam

Date: 13-12-2018

Venue and Time: Seminar Hall, 10.00 AM to 12:30 PM

No. of Participants: 529

An awareness program on overseas education is organized the department of Training & Placement for the students of III year (CSE, ECE, EEE, IT & ME) on 13th December, 2018. Mr. M.Babuji created awareness and inspired students regarding the importance of overseas education. The outcome of the program was to create awareness and encourage students who aspire to continue higher education in abroad after their graduation.

International study provides a wonderful opportunity for all students to gain a new perspective on the impact of a different culture on them, both in relation to their own identities and the identities of their peers on the program. Certainly, an international study experience enlarges their knowledge of the world. However, in today's increasingly competitive global economy, an international education experience must provide more concrete benefit for a student who will need to embrace the changing world that awaits post graduation. Sri M.Babuji emphasized that in the increasingly global marketplace, an international education experience can be more relevant than ever to a post-college career. Such an experience has the potential to alter students' lives by influencing their professional choices and by preparing them for the many challenges they will face in the current, rapidly changing global economy. Students of Mechanical Engineering benefitted a lot by listening to the lecture and interacted with the resource person about the ways to approach universities, GRE, TOEFL, IELTS scores, scholarships and career opportunities. The lecture helped to clarify the ambiguity of the students hoping to pursue higher education in abroad. Lot of academic benefits pertaining to personal growth, gaining of valuable life skills, strengthening the leadership skills, broadening the world view and advancement in career.

Internships will equip us with the industrial environment. Students have lots of opportunities in Government and Private sectors. APPSC and UPSC are advertising notifications regularly. Through a good GATE score one can place him/her self in a good organization. In private sector several jobs are available in core and software sectors. Students should have the programming and Networking skills to get a good private sector job. He also spoke about the higher education related examinations and motivated students by saying, "have an aim and do smart work to achieve it". 535 students from various branches attended the Workshop.

Report on Orientation Seminar on International Career Guidance

Resource Person: Lynn Perry, CEO at Haste, Atlanta

Date: 19-03-2019

Venue and Time: Seminar Hall, 10.00 AM to 12:30 PM

No. of Participants: 461

An awareness program on Orientation Seminar on International Career Guidance is organized the department of Training & Placement for the students of I st year (CSE, ECE, EEE, IT&ME) on 19-03-2019.

Lynn Perry, who has vast experience in sending students abroad, explained the process of writing the GRE, TOEFT & IELTS examinations. She said, 'Many people think that foreign education is expensive. But, it is not true. Some countries are providing for a lower cost'. She said, 'An international education is invaluable for a huge number of reasons. The independence that it offers to students that choose to attend a university away from their home country is often a very important factor? Learning how to live day to day, how to study within a different culture and how to thrive elsewhere from home is something that gives international students a level of confidence that can only be beneficial in the longer term. Another benefit of studying overseas is the new perspective that students are given on their subject, allowing them to look at an academic area from a previously unseen angle. The resulting knowledge is likely to work to give them a much wider understanding of, and appreciation for, their particular area of interest than they would have received had they chosen to study at a university closer to home'. 461 students from various branches attended the seminar.
